

PROGRAMMA DIDATTICO DIDACTIC PROGRAMME

CORSO COURSE

MASTER IN DERMATOLOGIA PEDIATRICA A.A. 2021/2022
MASTER DEGREE IN PEDIATRIC DERMATOLOGY A.Y. 2021/2022

PROFESSORI PROFESSORS

LUCA BIANCHI (Direttore, Chair)
MAY EL HACHEM (Coordinatore Didattico, Coordinator)

I SEMESTRE

I SEMESTER

- Governo clinico
- *Clinical Governance*

- Anatomia e fisiologia della cute
- *Anatomy and physiology of the skin*

- Dermatosi neonatali comuni, complesse e rare
- *Common, rare and complex neonatal dermatosis*

- Cute e malattie sistemiche
- *Skin and systemic diseases*

- Percorsi multidisciplinari in dermatologia: quando, perché e come? Incontri clinico-patologici
- *Multidisciplinary approaches in Dermatology: when, why and how. Clinical-pathological meetings*

- Dermatose dell'area del pannolino; mastocitosi
- *Dermatoses of the diaper; mastocytosis*

II SEMESTRE

II SEMESTER

- Dermatite atopica e educazione terapeutica per la gestione delle dermatosi croniche e per l'uso della terapia topica
- *Atopic Dermatitis and Patient Education for the management of chronic dermatosis and for topical therapy*

- Altri eczemi e orticaria
- *Other eczema and hives*

- Psoriasi; Lichen
- *Psoriasis; Lichen*

- Infezioni cutanee batteriche e micotiche
- *Pyodermitis and Mycotic infections*
- Infezioni cutanee virali e infestazioni
- *Viral skin infections and infestations*

III SEMESTRE

III SEMESTER

- La cute dell'adolescente
- *Adolescent skin*
- Lesioni cutanee dell'abuso e diagnosi differenziali
- *Skin lesions in child abuse and differential diagnosis*
- Malattie bollose acquisite e percorso diagnostico
- *Bullous diseases acquired and diagnostic path*
- Lesioni ipopigmentate iperpigmentate esindromiche e non
- *Syndromic and non-syndromic hypo and hyper-pigmented lesions*
- Nevi; fotodermatosi e fototerapia
- *Nevi: photodermatosis and phototherapy*

IV SEMESTRE

IV SEMESTER

- Anomalie vascolari
- *Vascular anomalies*
- Approccio genetico alle genodermatosi: counselling, diagnosi molecolare e diagnosi prenatale
- *Genetic approach to genodermatosis: counseling, molecular diagnosis and prenatal diagnosis*
- Ittiosi; displasie ectodermiche; Incontinentia Pigmenti
- *Ichthyosis, ectodermal dysplasia; incontinentia pigmenti; epidermolysis bullosa*
- Epidermolisi bollose
- *Epidermolysis bullous*
- Indagini diagnostiche terapia chirurgica in dermatologia pediatrica; laser terapia in dermatologia pediatrica
- *Diagnostic and therapeutic procedures in Dermatology (dermoscopy, skin biopsy), dermatosurgery and laser*
- **Tirocinio pratico**
- **Internship**
- **Prova Finale**
- **Final Exam**
