WORK EXPERIENCE

Since 2000 he is the Professor and Chairman, Dept. of Pediatrics, University of Rome Tor Vergata.

Since 2008 he is the Director of the Department of Pediatrics University of Rome Tor Vergata-Children's Hospital Bambino Gesù, Rome Italy Children's Hospital Bambino Gesù

From 1997 to the 2012 he was the Head of the Division of Immunology and Infectious Diseases Children's Hospital Bambino Gesù, Rome, Italy.

During his academic career, he has been organizing a number of courses for students, MDs, PhD as well as International Graduate Courses, Seminars and Conferences.

It is worth noting the organization of 5 International Consensus Workshops on Paediatric HIV Infection. This activity has produced a highly quoted publication in International Peer reviewed Journals and has been an important instrument for the development of international collaborations in the field of Paediatric AIDS.

During the last 10 years he has established all the diagnostic and therapeutic protocols required to deal with immunocompromised patients as the Director of the Division of Immunology and Infectious Diseases at the Rome Children's Hospital Bambino Gesù.

His Group has become one of the leading national teams in the research and care of Paediatric AIDS as well as of patients with congenital immuno-deficiencies.

I have been appointed as coordinator of several National and International research and clinical projects related to the field of Immunology and Infectious Diseases.
