Sex F | Date of birth 02/03/1967 | Nationality Italy

WORK EXPERIENCE

- 2015 to present **Associate Professor Dept. of Pediatrics**
“University of Tor Vergata” in Rome, Italy
- 2007 to present **Member of the Italian Society of Clinical Immunology and Allergology (SIICA)**
- 2006 to present **Professor PhD Immunology/Applied Biotechnology - Professor of Master Immunology and Allergology**
“University of Tor Vergata” in Rome, Italy
- 2005-2006 **Professor Ph.D. Molecular Pediatrics**
“University of Tor Vergata” of Rome, Italy
- 2005 to present **Clinical Assistant Division of Immuno-Infectious Diseases**
“Children’s Hospital Bambino Gesù”, “University of Tor Vergata” in Rome
- 2004 to present **Professor Resident Program of Paediatrics**
Professor Pediatrics School Specialization
“University of Tor Vergata” in Rome, Italy
- 2002 to present **Professor of Paediatrics in the Bachelor of Medicine and Surgery**
Professor of Paediatrics degree courses in short "Hearing" or "Audiometry"
“University of Tor Vergata” in Rome, Italy
- 2002-2014 **Assistant Professor Dept. of Paediatrics**
“University of Tor Vergata” in Rome, Italy
- 1988 to present **Member of European Society of Immunodeficiency (ESID)**

EDUCATION AND TRAINING

- February 2001 **Ph.D. in Immunology**
Title of thesis: “Studies on the pathogenetic aspects in primary and secondary Immunodeficiencies” (Supervised: Prof. P. Rossi)
“University of Tor Vergata” in Rome, Italy
- November 1995 **Specializes in Pediatrics (summa cum laude)**
Title of thesis: “Preliminary analysis of follow-up Molecular antiretroviral therapy in HIV-1 in children” (Supervised: Prof. P.Rossi)
“University of Tor Vergata” in Rome, Italy
- November 1991 **Admission to the medical profession (vote: 95/100)**
“University of La Sapienza” in Rome
- July 1991 **Medicine Surgery degree (MD) (summa cum laude)**
“University of La Sapienza” in Rome
- 1985 **Lyceum Torquato Tasso, Roma Bsc Lib Arts**

PREVIOUS POSITIONS: Institution Period

- 1990-91 Internal student at the Institute of Hematology, "University of La Sapienza" in Rome
- 1991 Student at the Institute of Internal Winner of a scholarship dell'IFMSA (International Federation of Medical Students Associations) to attend the Department of Pediatrics of the "Ospedale S. Mary" in Lisbon.
- May 1991 Awarded a scholarship to participate in Erasmus' European Intensive Course on Haematology and Haemostasis in Amsterdam.
- 1991-95 Frequent doctor (specializing) department and clinics the Chair of Pediatrics, "Tor Vergata University in Rome, Director Prof. B. Boscherini.
- 1993-94 Living abroad as domestic specializing at the Department of Immuno-Hematology of "Hopital-Necker des Enfants Malades" in Paris.
- 1995-96 Winner of a scholarship of the "Paediatric Hospital Bambino Gesù" in Rome, at the Department Observation Research Project on "Study of Immunological nell'Artrite juvenile chronic".
- 1997-2000 Scholarship "Primary Immunodeficiency Diseases" at the "Paediatric Hospital Bambino Gesù", Rome
- 2001 Winner of an additional allowance for cooperation in research activities at the Department of Public Health of "Tor Vergata University" in Rome
- 1992-1006 Collaboration in research activities of the Laboratory of Pediatric Immunology (Department of Public Health) at the "University of Tor Vergata", Rome
- 2002-05 Head of research lines related to pediatric HIV infection and PID participation in the project on "Monitoring virological and molecular antiretroviral therapy in children with vertical infection with HIV-1"

RESEARCH FIELDS:

Infectious Diseases:

- Prognostic factors in vertical transmission of HIV
- Clinical aspects and prognostic factors during HIV infection in children and analysis of prognostic parameters during antiretroviral treatment
- Congenital CMV infection
- Primary Immunodeficiencies
- Study of immunological reconstitution in primary and secondary immunodeficiencies
- Clinical aspects and pathogenesis of immunodeficiency and autoimmunity in Di George syndrome

RESEARCH PROJECTS (last 3 years):

2004-06: Participation in Research Project, Research Program ISS biennial: "Characterization of specific immune response in a cohort of pediatric patients with HIV infection during a protocol simplification of HAART"

2006: Participation in Scientific Research Program PRIN 2006 National Biennial: "Characterization of the infection CMV immune response"

2007: Contributions to the Fund for the support of young researchers

2005-08: Owner Financing Scientific Research of the University Area 2006, Medical Sciences, the "University of Tor Vergata" in Rome: "Characterisation of immune response the infection congenital CMV"

2009-10: Owner Financing Scientific Research of the University area in 2006, Medical Sciences, the "University of Tor Vergata" in Rome: "Pathogenesis dell'autoimmunità Syndrome DGS"

2007-09: Recipient of Funding of Scientific Research "immune reconstitution after hematopoietic stem cell transplantation in pediatric patients with severe combined immunodeficiency "in the "IRCCS Bambino Gesù Pediatric Hospital", Rome

ORAL COMINICATIONS AND WORKSHOP (2005-2009)

May 2005: National Meeting of the Institute of Health
 "ESID Prague Spring Meeting", Prague: "DEL 22q.11"
 National Meeting AIEOP, Parma: "Discussion Del22 Protocol"

February 2006: The national convention of the syndrome of 22 (AIDEL 22) in Milan

June 2006: National Meeting AIEOP, Rome: "Preliminary results of the national protocol chromosomal deletions 22q.11"

November 2006: The national conference organized on "Deletion 22 (AIDEL 22)" at the 'Paediatric Hospital Bambino Gesù "of Rome

February 2007: Rapporteur Medical Academy" University "La Sapienza" of Rome: "DiGeorge Syndrome / Deletion 22q.11 " June 2007: Speaker at National Meeting AIEOP, Brescia: " Preliminary results national protocol chromosomal deletions 22q.11 "

2007: Speaker at National Meeting AIEOP, Cagliari: " Discussions immunodeficiencies atypical cases "

Gennaio 2008: Corso teorico pratico di Fisioterapia Respiratoria, "Ospedale Pediatrico Bambino Gesù" di Roma

2008: Speaker at National Meeting AIEOP, Ischia / Naples in May on two years of follow-up to the national protocol 22q.11 chromosomal deletions.

October 2008: Notebooks Upgrade Specialist in Pediatrics: "The description immunodeficiencies of clinical cases, at " University "Tor Vergata "in Rome

May 2008: National Meeting AIEOP, Ischia / Naples, about two years of follow-up of the national protocol chromosomal deletions 22q.11

June 2009: National Meeting AIEOP, Bologna, on three years of follow-up of the national protocol

July 2009: "16th Annual International Scientific Meeting The Velo-Cardio-Facial Syndrome Educational Foundation, Inc., Rome

September 2009: Rapporteur Europrice Primary Immunodeficiency October 2009: Speaker of the refresher course control system with Immunoglobulins: replacement therapy to biological control of immune response, "Ospedale S. Andrew" in Rome

October 2009: Master Draftsman Immuno-Infectious Diseases Director Prof. Azzari, "Meyer Hospital" in Florence

November 2009: ESPHI, Use of IVIG in Primary Immunodeficiency, Lecce in November 2009

Speaker Papers Update Specialized Pediatrics: " Ataxia- Telangectasia "

October 2010: Speaker Immunoglobulins and biological drugs, control of immune response, "Ospedale S. Andrew" in Rome

May 2010: National Meeting AIEOP, Firenze, about two years of follow-up of the national protocol chromosomal deletions 22q.11

June 2011: National Meeting AIEOP, Genova , about two years of follow-up of the national protocol chromosomal deletions 22q.11
